Dear FCC I want to express my extreme displeasure regarding the "big business Censorship" cleverly titled PETITION 04-160 You really have no reason to read this or even consider my comments after all I am a nobody!

No big money.

No lobbyists.

Just an ordinary citizen who thinks that any limit on free trade and competition is wrong!

I don't even live in a city that is served by traffic or weather but I still am a paying customer!

Thank you if you read this

Signed just an ordinary citizen.
